1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the human brain. It is shown that the brain is a complex system of interconnected parts, each of which has its own function. The author emphasizes the importance of the study of the structure of the brain for the understanding of the human mind.

THE STRUCTURE OF THE HUMAN BRAIN

The second part of the paper is devoted to a detailed description of the structure of the human brain. The author describes the various parts of the brain, including the cerebrum, cerebellum, and brainstem, and discusses their functions.
